The Ashrose Golf Club is looking for new members. Our club features friendly competition in a variety of events throughout the golf season. Even though we have events scheduled every Saturday during the golf season, you only need to play in 8 events per season to remain in good standing. If you are interested in joining us, we suggest coming out and playing at one of our events as a guest. Playing as a guest will allow you to meet the members and learn more about the Club first-hand. If you would like more information or would like to play in an event as a guest, please visit our website at www.ashrosegolfclub.com or send us an email at
